How To Use The Shuttle

Easy as 1-2-3

The Zion Canyon Scenic Drive is accessible by shuttle bus only. *Private vehicles are not allowed.* It's easy to visit this part of the park—follow these three steps:

1. Park

Parking at the visitor center is full between 10 a.m. and 3 p.m. daily. To avoid parking hassles, leave your car in the town of Springdale and ride the free town shuttle to the park. Enter the park on foot at the Zion Canyon Giant Screen Theater. Tune your radio to 1610 AM for more information.

2. Plan

Use the exhibits at the Zion Canyon Visitor Center to plan your visit based on your time (less than 3 hours or more than 3 hours) and your interests (sightseeing, hiking, and more). Check the schedule of Ranger-led activities and the park bookstore for maps and books to enhance your visit.

3. Ride

Free buses run from before dawn to after dark as often as every six minutes. See page 12 for shuttle schedule. Buses are fully accessible. Pets are not allowed.

Kids at the Zion Nature Center

Children's Discovery Program

The Zion Nature Center is home to perhaps one of the longest running Junior Ranger Programs in the National Park System. From Memorial Day to Labor day for more than 30 years, thousands of children have felt the wonder of nature and learned about the park in this beloved program. Perhaps you were once a Junior Ranger! See page 5 for details.

Restoring the Nature Center

Over the past year the Nature Center has received significant attention. A highly skilled National Park Service historic preservation crew has repaired the structural integrity of the building, removed asbestos, returned the interior, including the rustic light fixtures, to its original appearance, replaced the plumbing, installed insulation, heating, and cooling, and made it fully accessible. It is now a more useful year-round facility.

Your Entrance Fees at Work

Your entrance fees were used to save this building and give it another lease on life—thank you.

Built about 1930, this served as a cafeteria for the small cabins nearby. "Rusticators" preferred the more spartan—and cheaper—accommodations compared to the Zion Lodge.

Employment Information

with the National Park Service: www.usajobs.opm.gov. Seasonal jobs are listed on www.sep.nps.gov.

This is Canyon Country

Steep Cliffs

Loose sand or pebbles on stone are very slippery. Be careful of cliff edges when using cameras or binoculars. Never throw or roll rocks; there may be hikers below.

- Stay on the trail.
- Stay back from cliff edges.
- Observe posted warnings.
- Parents-watch your children!

This symbol is a warning. Falls from cliffs on these trails have resulted in death.

Flash Floods

All narrow canyons are potentially hazardous. Flash floods, often from storms miles away, present a real danger and can be life threatening. By entering a narrow canyon, you are assuming a risk.

Judgment

Whether hiking, climbing, or driving, your safety depends on your good judgment,

Flash floods occur without warning.

adequate preparation, and constant attention. Don't ruin your vacation by having an accident. Your safety is your responsibility.

Water

The desert is dry. Carry enough water for everyone in your group. Water is available at visitor centers, campgrounds, and Zion Lodge. Do not drink untreated water.

This one took place in seconds. A hiker would not survive.

Making The Most of Your Time

Hiking on the east side.

Less Than 3 Hours

Zion Canyon Scenic Drive

The easiest way to see some of the park's most beautiful sights in a limited time is to ride the Zion Canyon Shuttle. Round trip will take a minimum of 90 minutes.

Weeping Rock Trail

An easy walk on a paved path where springs continually drip from overhead. .5 miles/.5 hours round trip/climbs 98 feet. Shuttle stop: Weeping Rock.

Court of the Patriarchs

Short but steep trail leads to views of the Sentinel and the Three Patriarchs. 100 yards/.25 hours round trip, climbs 40 feet. Shuttle stop: Court of the Patriarchs.

Zion-Mt. Carmel Highway

The 10-mile road that connects the east and south entrances is a steep drive up switch-backs and through the mile-long tunnel. This is the main access to Bryce Canyon and the North Rim of Grand Canyon. Large vehicle restrictions: page 12.

More Than 3 Hours

Emerald Pools Trail

One place where you'll often find at least a small waterfall. Easy, 1.2 miles/1 hour out and back, climbs 200 feet. Warning! Steep Cliffs. Shuttle stop: Zion Lodge.

Riverside Walk

Beautiful, shaded walk meanders through forested glens, following the path of the Virgin River into a high-walled canyon. Easy, 2 miles/1.5 hours round trip, climbs 57 feet. Shuttle stop: Temple of Sinawava.

Watchman Trail

Views of the West Temple and lower Zion Canyon. Best hiked early or late in the day, often hot in summer. Moderate, 2.7 miles/2 hours round trip, climbs 368 feet. Trailhead: Zion Canyon Visitor Center.

Hidden Canyon Trail

Steep climb to the mouth of Hidden Canyon. Hikers may continue but there is no

maintained trail. Strenuous, 2 miles/3 hours round trip, climbs 850 feet. Warning! Steep Cliffs. Not for anyone fearful of heights. Shuttle stop: Weeping Rock.

Angels Landing Trail

Steep trail climbs Walter's Wiggles past Scout Lookout, with spectacular views of Zion Canyon. Strenuous, 5 miles/4 hours round trip, climbs 1,488 feet. Warning! Steep Cliffs. Not for anyone fearful of heights. Shuttle stop: The Grotto.

Observation Point

High on the east rim, the trail ends on a slender peninsula overhanging the valley floor offering spectacular views on three sides. Strenuous, 8 miles/5 hours round trip, climbs 2,148 feet. Warning! Steep Cliffs. Not for anyone fearful of heights. Shuttle stop: Weeping Rock.

Visitor Centers

Zion Canyon Visitor Center

At the south entrance, near Springdale. It is the main access for the Zion Canyon Shuttle. Exhibits help you plan your visit and make the most of your time. Rangers are available to answer questions and issue backcountry permits. Books, maps, and film.

Zion Human History Museum

First shuttle stop. Exhibits explain how humans have interacted with Zion. Orientation movie, information, books, and film.

Orientation Movie

Twenty-two minute film highlights the park. Shown daily 10 a.m. to closing on the hour and half hour in the Zion Human History Museum.

Kolob Canyons Visitor Center

Interstate 15 at Exit 40, 45 miles north of Springdale and 17 miles south of Cedar City. Rangers are available to answer questions and issue backcountry permits. Exhibits, books, maps, and film.

Weeping Rock

Biking the Pa'rus Trail

Angels Landing Trail with the Virgin River 1,200 feet below.

Use the exhibits at the visitor centers and the orientation movie to plan how to best use your time.

Ranger-led Activities

Ranger-led activities are a great way to learn more about Zion National Park. Topics include • geology • plants • animals • human history • more

All programs are free except Junior Ranger. Check at visitor centers and Zion Lodge for program topics and hike locations. Allow time for shuttle transportation to the presentation.

Rangers may be called to fires and other emergencies—programs may be canceled.

Entrance Fees at Work

About 80% of your entrance fees stay right here in the park. The Fee Demonstration Program and other recent legislation has enabled Zion to continue to enhance your visit and protect park resources. Entrance fees built a bus maintenance facility and are used to operate the shuttle system. In addition, fees made these projects possible:

- Build a second east entrance station
- Rehabilitate Weeping Rock and Emerald Pools Trails
- Re-roof Zion Museum
- Replace Oak Creek sewer
- Rehabilitate Watchman Campground
- Build Emergency Operations Center
- Replace waterline
- New outdoor exhibits
- New park brochure
- Replace foot bridge decking

Last winter the Nature Center was rehabilitated—returned to its original appearance, made accessible, and converted into a year-round facility.

Children’s Discovery Program

Ranger-guided Programs Who

These programs are developed especially for children 6 to 12 years old. For children under 6, see “Self-Guided Programs.”

What

Kids learn about Zion National Park and their world through hands-on activities, games, hikes, and lessons. Topics vary and range from plants and animals to geology and archeology.

When

Twice daily at 9:00 and 11:00 a.m., June 10 to September 2, 2006.

What

1-1/2 hours long. Kids earn a sticker, Parents must attend with their children.

Where

The programs are held at the Zion Nature Center, 1/2 mile north of the south park entrance, near the entrance to the South Campground. The shuttle does not stop at the Nature Center. You may drive to the Nature Center or walk from the campgrounds, visitor center, or museum.

What to Wear

Many activities are outdoors, so dress comfortably and wear closed-toe shoes; *no sandals*. Hats and sunscreen are good on hot, sunny days. Bring rain gear if the weather looks stormy.

Registration

A parent or guardian must register children. Register at 8:45 for the 9:00 a.m. session, and at 10:45 for the 11:00 a.m. session.

Parents

Children must be with their parents or guardian during the program. Food is not available, so ensure children have eaten before coming.

Self-guided Programs

Ages 6 to 12

Children 6 to 12 years old can earn a badge by completing an activity booklet during their visit. Booklets are available at the visitor centers and museum year-round.

Ages Under 6

Children under 6 years old can earn a decal by completing an activity sheet available at the Zion Canyon Visitor Center and Human History Museum year-round.

The Zion Natural History Association provides additional funding for this program.

Maintaining Sanctuary

Zion National Park is much more than just a recreational destination. It is a sanctuary of natural and cultural resources—a living museum for all the world. Conserving this heritage is a task the National Park Service cannot accomplish alone. All of us serve a critical role in maintaining Zion's sanctuary for the future.

Please stay on marked trails. Hiking off trails can lead to loss of vegetation, soil compaction, erosion, and unsightly scars on the landscape.

“You better behave, because I won’t.” Keep wildlife wild. Human foods are not healthy for wildlife. Feeding wild animals is illegal and can cause injury or death to the animal. Wild animals can hurt you, too.

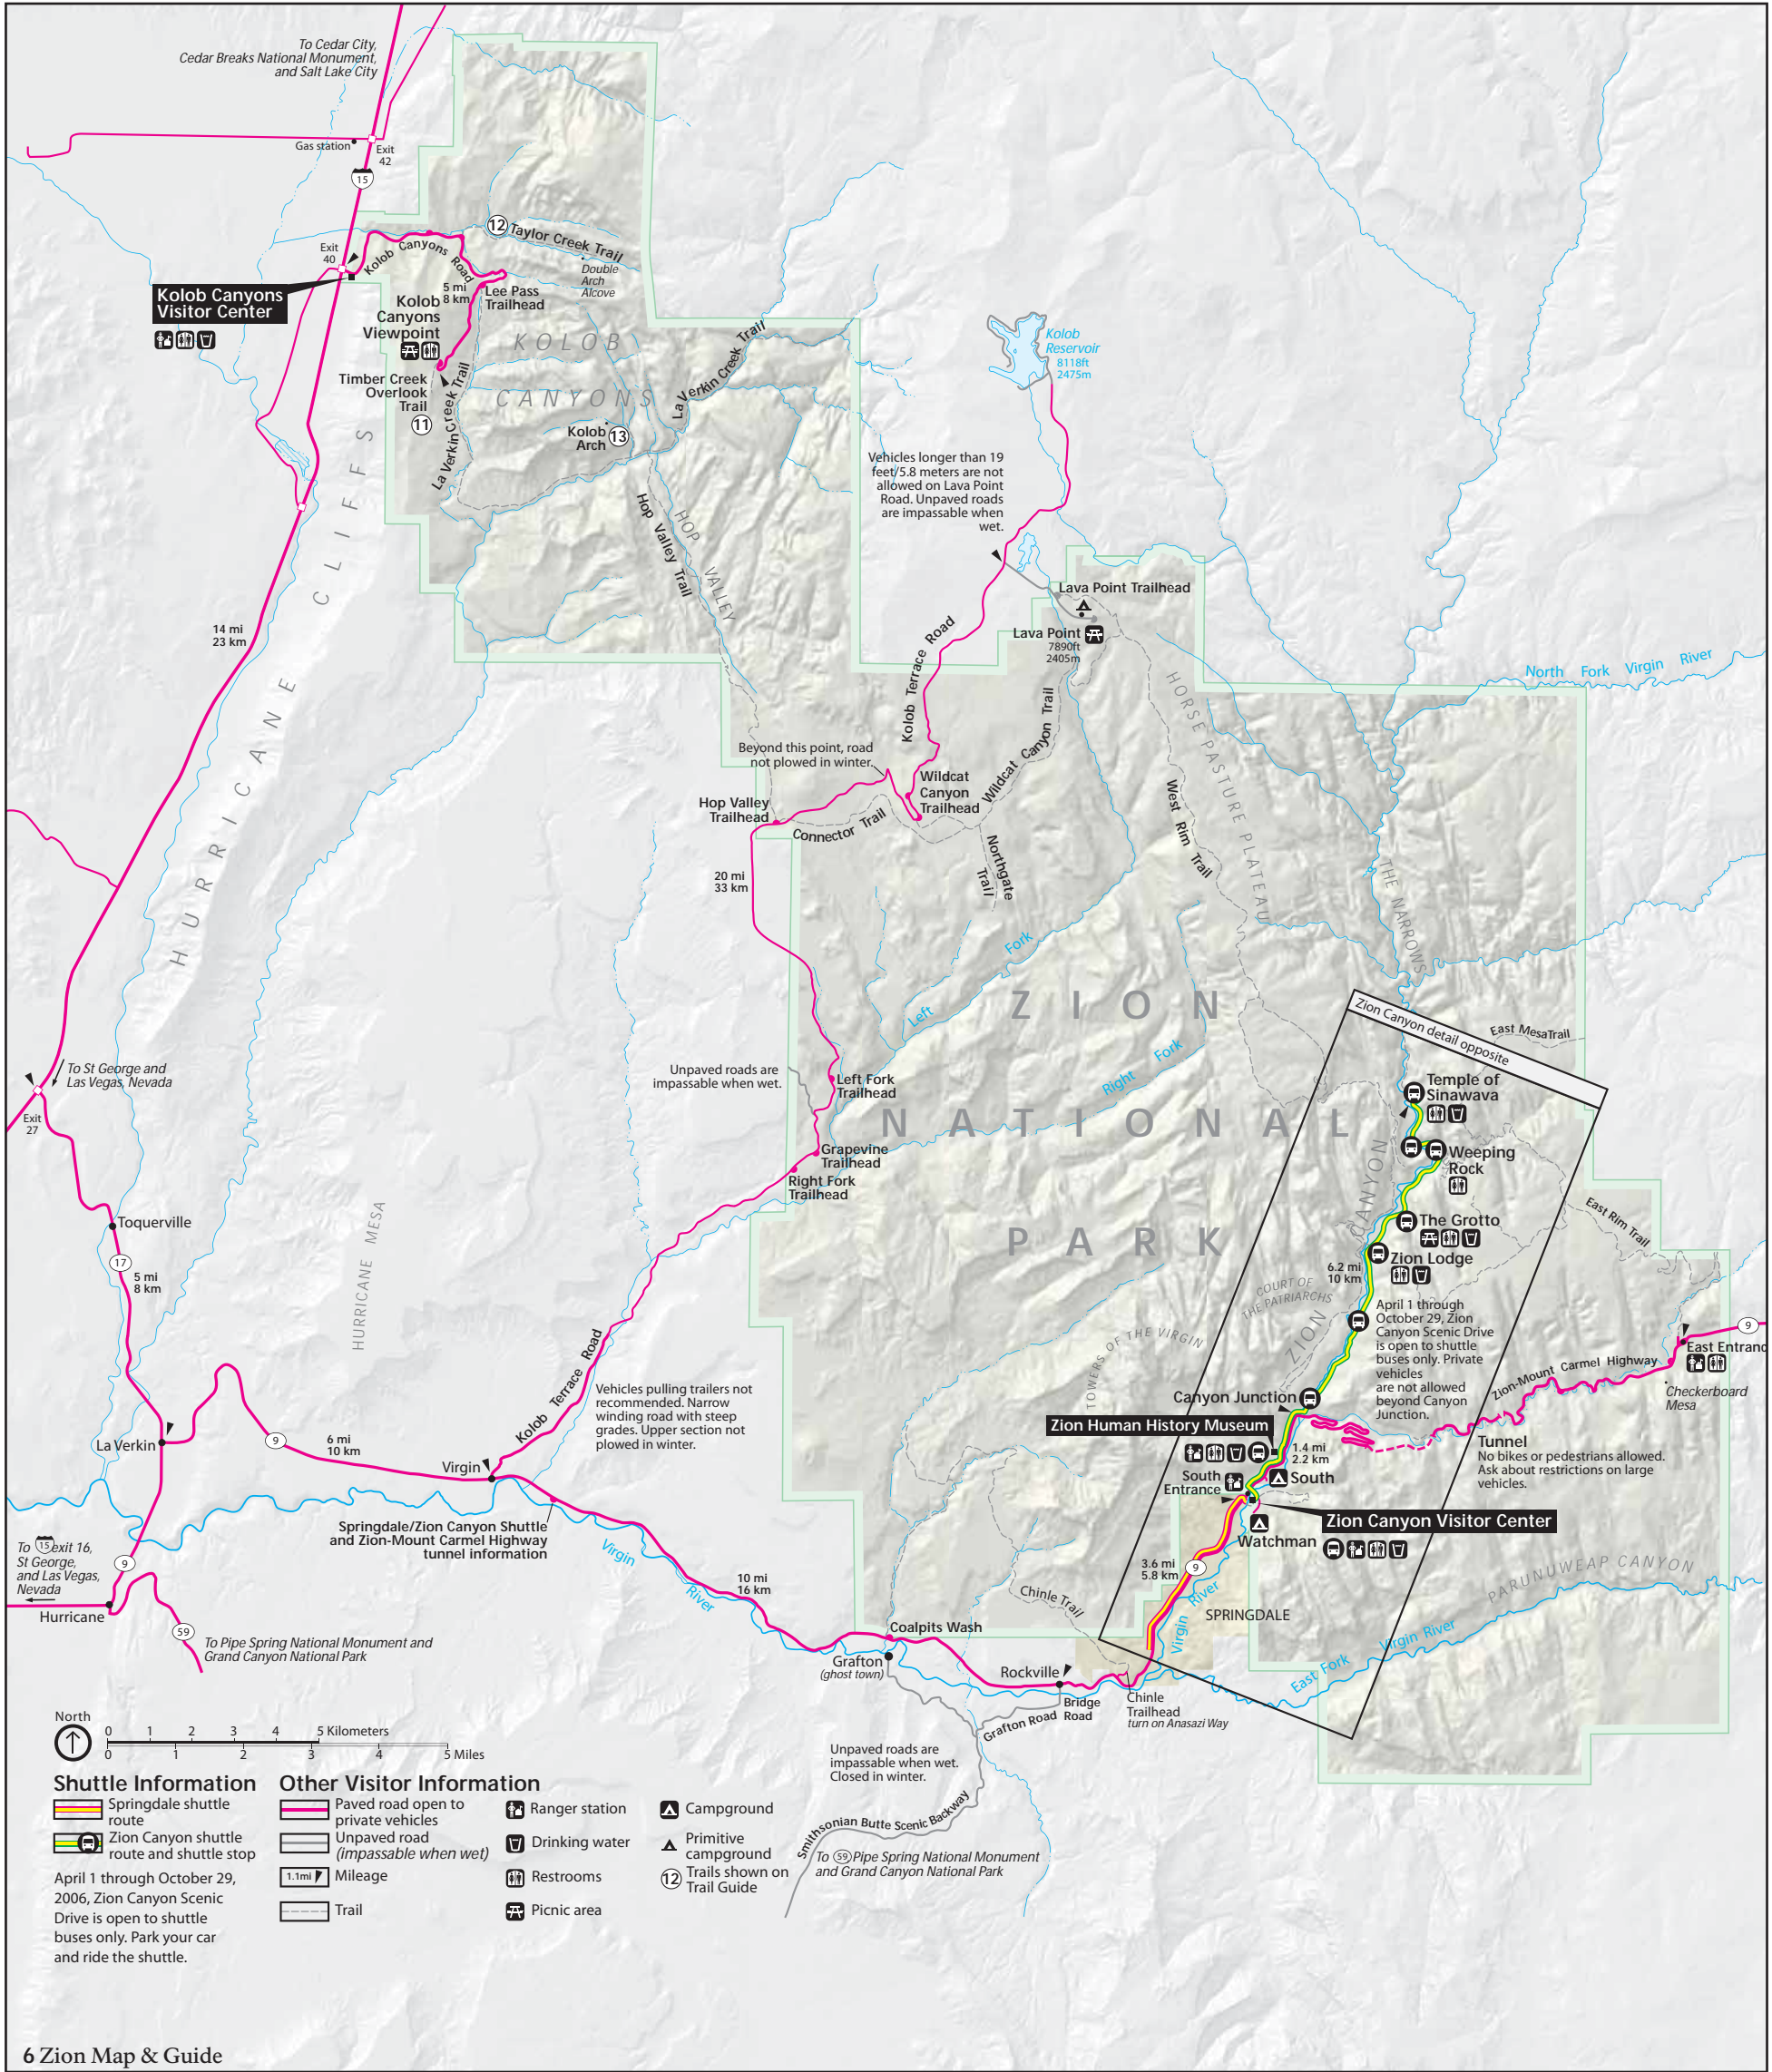

Please respect the peace and quiet of the park and protect the subtle sounds of nature by traveling quietly.

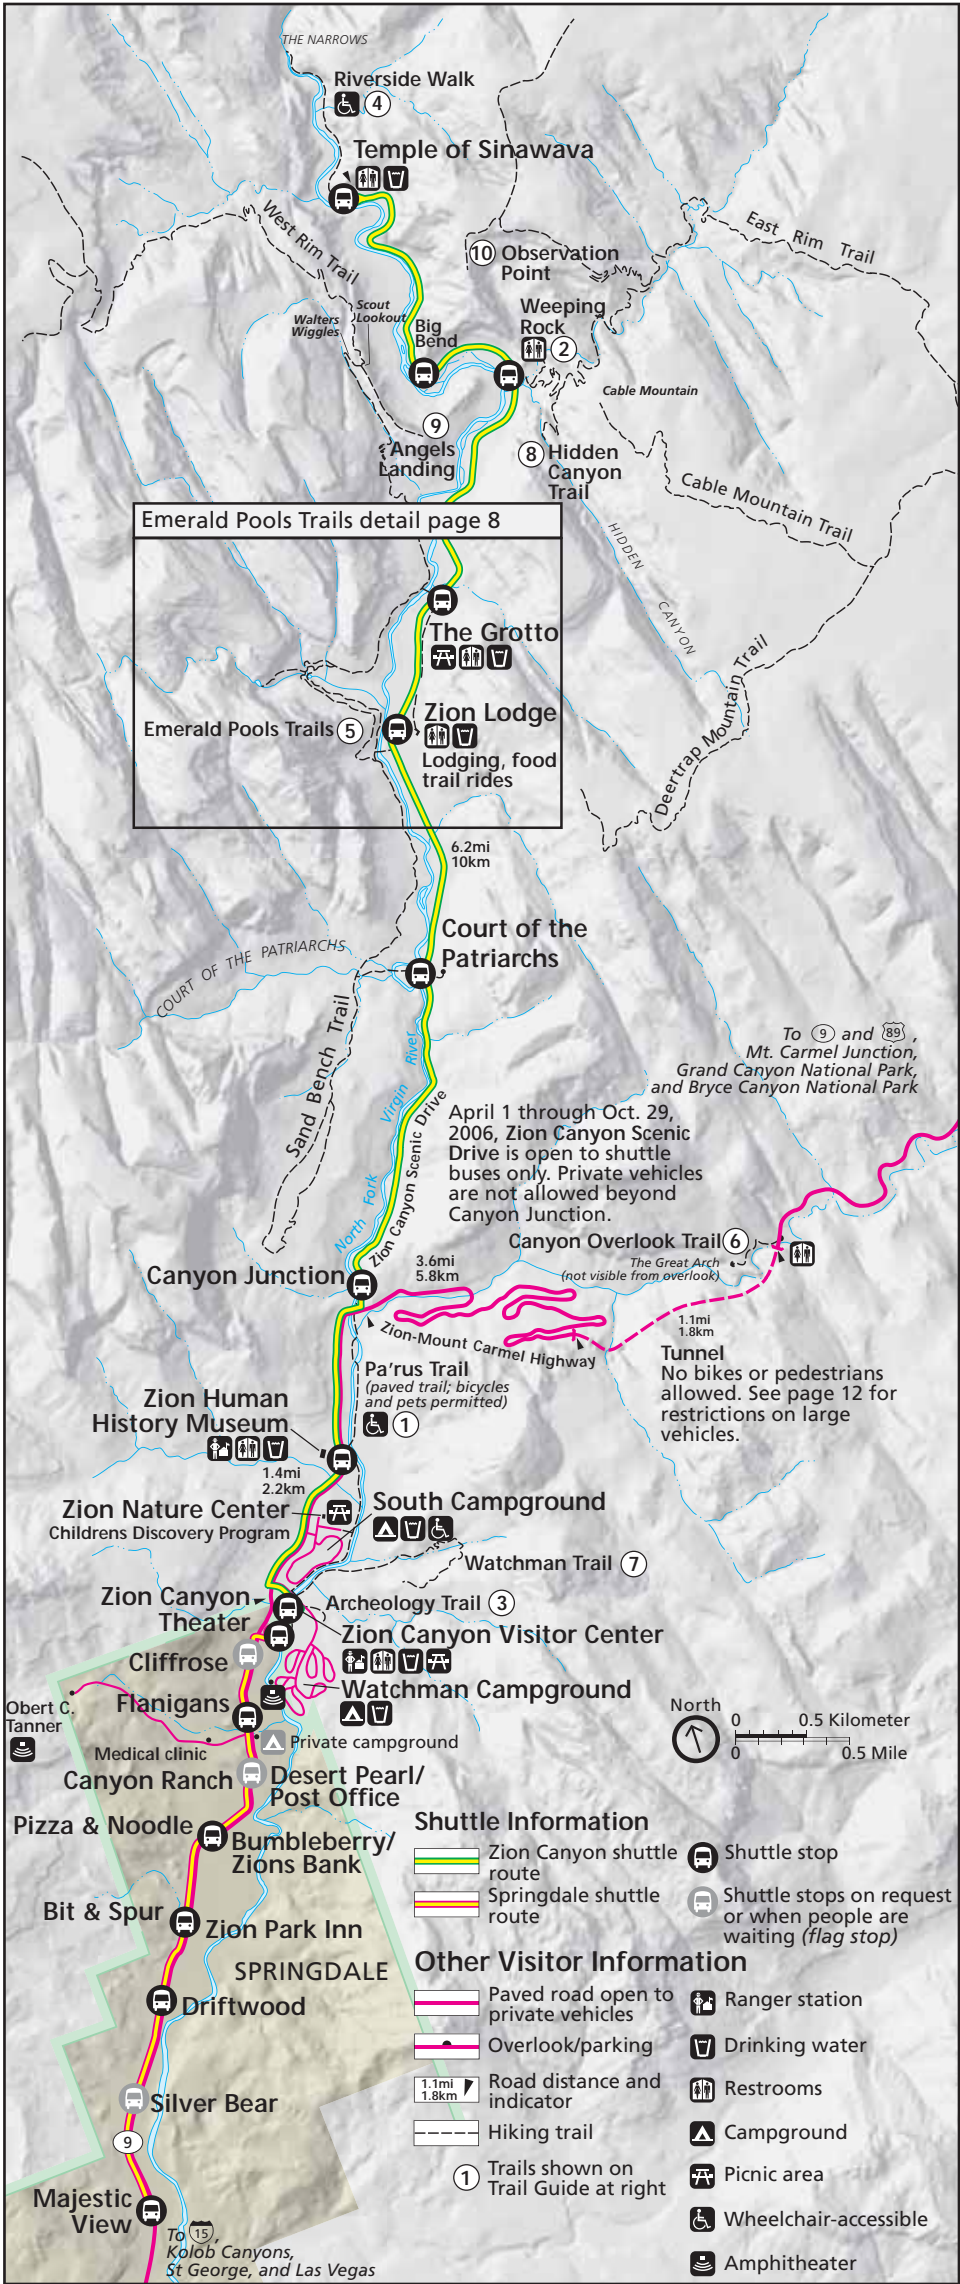

Vegetation lives longer when cars remain on the pavement. Please park in designated spaces only. Fines can be as high as \$250.

Trail Guide

Use the Shuttle to Access Trailheads
Access to trailheads along the Zion Canyon Scenic Drive is by shuttle only. *Private vehicles are not allowed.* Shuttles depart early morning from Springdale and the Zion Canyon Visitor Center and run late into the evening. Check page 12 for schedule. Plan your hike so you do not miss the shuttle.

For Your Safety
Stay on established trails and watch your footing, especially at overlooks and near drop-offs. Always stay back from edges. Watch children closely. People uncertain about heights should turn around if they become uncomfortable. Never throw or roll rocks; there may be hikers below.

Hiking & Canyoneering Emerald Pools Trails

HIKING IN CANYONS, EVEN SHORT HIKES, REQUIRES ADVANCE PLANNING. MANY HIKES INVOLVE walking in water, and the rivers and creeks are subject to flash flooding. River flows vary greatly depending on time of year and weather conditions. Check the National Weather Service weather forecast and flash flood potential before entering any canyon; posted daily in visitor centers. See the *Zion Backcountry Planner* for additional information.

Permits

Permits are required for all overnights, through hikes of the Narrows and tributaries, Left Fork of North Creek (the Subway), Kolob Creek, and all canyons requiring the use of technical equipment. Permits are issued at visitor centers the day before your hike. Cost:

- \$10 for 1-2 people
- \$15 for 3-7 people
- \$20 for 8-12 people.

Reservations are available on-line for many permits: www.nps.gov/zion.

Group Size

The maximum group size is 12 people of the same affiliation on the same trail or in the same drainage on the same day.

Be Prepared

All narrow canyons are potentially hazardous. Flash floods, cold water, and strong currents present real dangers that can be life-threatening. Your safety depends on your own good judgment, adequate preparation, and constant attention. *By entering a narrow canyon, you are assuming a risk. Your safety is your responsibility.*

Zion Narrows

Weather and water conditions permitting, there are three ways to hike The Narrows:

Short Day-hike Continue upstream beyond the end of the Riverside Walk. 1 to 5 hours, round trip. No permit required.

Through Day-hike Hike downstream from Chamberlain's Ranch. This long all-day hike requires a shuttle to the trailhead and a permit.

Overnight Hike Hike downstream from Chamberlain's Ranch. This two-day hike requires a shuttle to the trailhead and a permit. Maximum stay is one night. Fires are not allowed.

Zion Narrows Checklist

- Obtain *weather and flash flood potential forecasts* before starting your trip.
- Wear *sturdy boots* or shoes with ankle support.
- Take a *walking stick*. Do not cut tree branches for sticks.
- Small children *should not hike in the river* due to strong currents and deep pools.
- Carry out all trash: food wrappers, apple cores, fruit peels, tissue paper—everything you carried in.
- Carry one gallon of *drinking water* per person for a full-day hike, food, sunglasses, sunscreen, and first aid kit.
- Take a *sweater or windbreaker*. The Narrows is much cooler than Zion Canyon.
- Pack gear in *waterproof bags*.
- Use the *restroom* at the Riverside Walk Trailhead before hiking. There are no toilets in The Narrows.

THIS SERIES OF POOLS AND WATERFALLS MAY BE ACCESSED BY THREE DIFFERENT ROUTES. THESE trails, as well as a short trail to the upper pool, connect and can be combined as a loop. There is always a small waterfall at the lower pool. If it rains, there may be larger waterfalls at both the upper and lower pools. A flood on February 8, 2005 damaged portions of the Lower Emerald Pool Trail.

Lower Emerald Pool Trail

Easy, 1.2 mile out and back, 69-foot ascent. Paved trail to the pool, then continues behind the waterfalls that cascade from the middle pools into the lower pool.

Middle Emerald Pools Trail

Moderate, 1 mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge that parallels the lower trail but at a higher level. Do not go near the edge. Deaths have occurred from falling from the middle pools. Loose sand and pebbles on stone are very slippery.

Upper Emerald Pool Trail

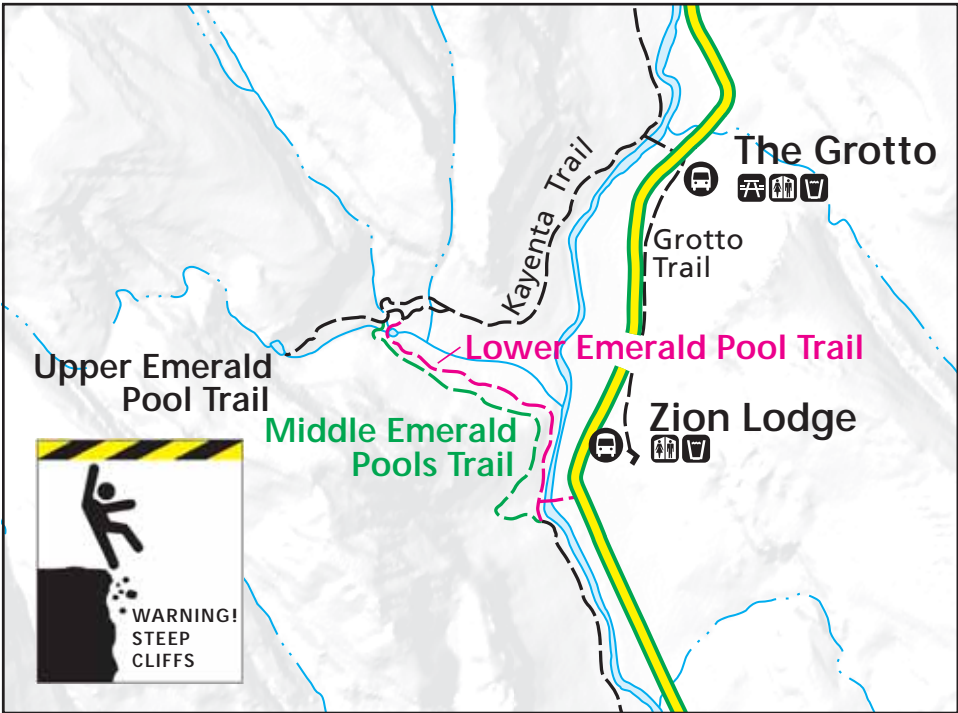

Moderate, .3 mile from Middle Pool Trail one-way, 200-foot ascent. A sandy, rocky trail climbs to the base of the cliff.

Kayenta Trail

Moderate, 1 mile one-way, 150-foot ascent. Unpaved climb to a sandstone ledge, connects The Grotto to the Middle Emerald Pools.

Grotto Trail

Easy, .5 mile one-way, level. Trail connects Zion Lodge to The Grotto Picnic Area. Can be linked with Middle Emerald Pools and Kayenta Trails allowing a 3-mile loop hike.

Mountain Lions

MOUNTAIN LIONS ARE WILD ANIMALS AND CAN BE DANGEROUS. THEY HAVE BEEN OBSERVED frequently in the park. An attack by one is unlikely—there is a far greater risk of being struck by lightning. Zion National Park has never had a reported attack on people or pets. However, mountain lions have attacked in other areas.

Four mountain lions will be radio-collared in the Zion area as part of a multi-year study to learn more about the habits of these elusive creatures.

Recommendations For Your Safety

- Watch children closely, and never let them run ahead or lag behind.
- Solo hiking or jogging is not recommended.
- Never approach a mountain lion. Most will try to avoid a confrontation. Always give them a way to escape.

- Do not run! Try to look large. Put your arms up.
- If a mountain lion approaches, wave your arms, shout, and throw rocks or sticks at it.
- If attacked, fight back.
- Report any mountain lion sightings or encounters to a Park Ranger as soon as possible.

This young male mountain lion was photographed with an infrared-triggered remote camera.

Park Profile

Raven

Established
1909 as Mukuntuweap National Monument; expanded in 1919 as Zion National Park. Kolob section added in 1937.

Significance
Established to preserve and protect aesthetic and scientific values:

- Zion features stunning scenery found nowhere else on earth.
- Zion is a geologic showpiece with sandstone cliffs among the highest in the world.
- Zion features one of the last mostly free-flowing river systems on the Colorado Plateau.
- Zion features a large, diverse plant and animal community.
- Zion features evidence of human occupation both historic and prehistoric, including excellent examples of Civilian Conservation Corps work.

Collared lizard

Size
229 square miles (147,551 acres).

Elevation
Lowest: 3,666 ft (1,128 m), Coalpits Wash in the southwest corner. Highest 8,726 ft (2,660 m), Horse Ranch Mountain.

Precipitation
Average: 15 inches.

Name
Zion, interpreted by Mormons as a place of safety or refuge, given to this canyon by Mormon pioneers in the 1860s. Kolob, in Mormon theology, is a heavenly place close to God.

Desert bighorn sheep

Humans
Evidence of Ancestral Puebloans, known as the Anasazi, date from 2,000 years ago; Paiutes from about 800 years ago to present. Mormon settlers arrived in the 1860s. Park visitation in 1920 was 3,692; in 1996 it reached 2.5 million.

Plant Life
Richest diversity of plants in Utah—almost 800 native species. Differences in elevation, sunlight, water, and temperature create “microenvironments,” like hanging gardens, side canyons, and isolated mesas that lend to this diversity.

Animal Life
75 species of mammals, 271 birds, 32 reptiles and amphibians, 6 native fish. Commonly seen animals include mule deer, lizards,

Canyon treefrog

and many species of birds. Rare or endangered species include the Peregrine Falcon, Mexican Spotted Owl, Southwest Willow Flycatcher, desert tortoise, and the Zion snail, found nowhere else on earth.

Zion Canyon Shuttle
Includes 30 propane buses. In 2004, there were 2.6 million riders. Each bus/trailer combination replaces 28 cars.

Mission of the National Park Service
To conserve the scenery and the natural and historic objects and the wild life therein and to provide for the enjoyment of the same in such manner and by such means as will leave them unimpaired for the enjoyment of future generations.

Be prepared for a wide range of weather conditions. Temperatures vary with changes in elevation and day/night temperatures may differ by over 30°F.

Spring
Stormy, wet days are common, but warm, sunny weather may occur too. Precipitation peaks in March. Spring wildflowers bloom from April through June, peaking in May.

Summer
Days are hot (95-110°F), but overnight lows are usually comfortable (65-70°F). Afternoon thunderstorms are common from mid-July through mid-September. Storms may produce waterfalls and flash floods.

Fall
Days are usually clear and mild; nights are often cool. Autumn color displays begin in September in the high country. Colors in Zion Canyon usually peak in late October.

Winter
Winters in Zion Canyon are fairly mild. Winter storms bring rain or light snow to Zion Canyon, but heavier snow to the higher elevations. Clear days can reach 60°F; nights are often in the 20s and 30s. Winter storms can last several days and cause roads to be icy. Zion roads are plowed, except the Kolob Terrace road, which is closed in winter. Be prepared for winter driving conditions from November through March.

Wildland Fire

Fire is used by the National Park Service as a tool. Using a combination of techniques, we can manage fire to reduce risk to the public and to maintain healthy ecosystems.

Fire Suppression
Extinguishing or limiting wildland fires when discovered by using the safest and most efficient suppression methods.

Prescribed Fire
Fires ignited by specialists under predetermined conditions to meet specific objectives related to hazardous fuel reduction or habitat improvement. An approved plan must exist prior to ignition.

Wildland Fire Use
Managing lightning caused fires to accomplish preplanned objectives in predefined areas outlined in Fire Management Plans.

Mechanical Fuel Reduction
Usually limbing and thinning vegetation and burning the piles in winter.

Chemical Fuel Treatment
Using herbicides to control unwanted vegetation. Follow-up treatments may include mechanical fuel reduction.

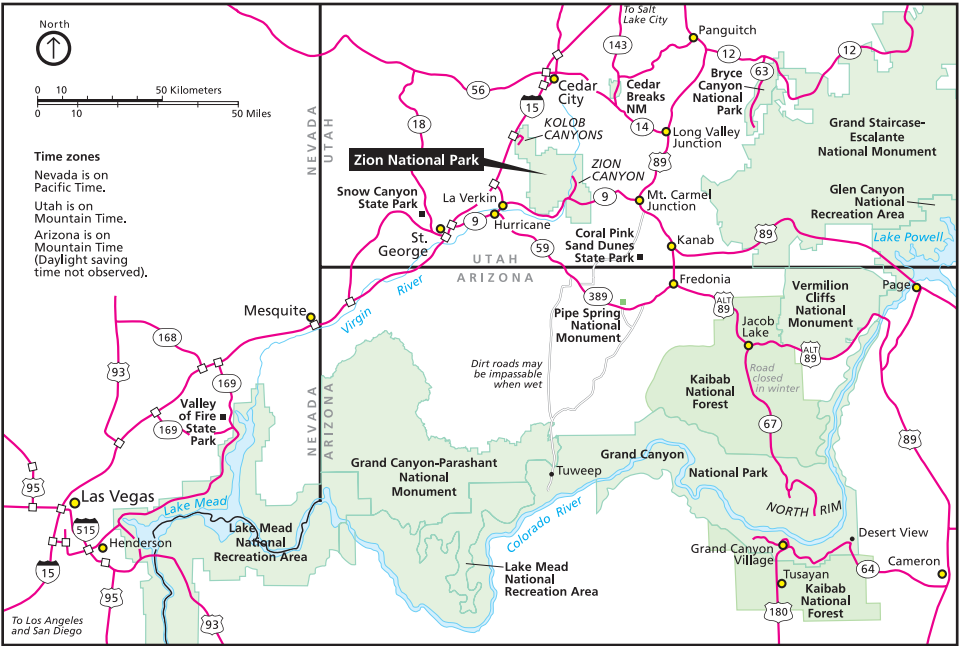

Traveling In The Area

Zion National Park is part of the Southwest’s “Grand Circle” of national parks, monuments, historic areas, and recreation areas— one of the world’s great concentrations of outstanding natural and cultural features. Even though these areas seem close, do not try to visit too many in a short period. Allow plenty of time for each and plan return trips if you miss some this time around.

Utah’s 13 National Park Service areas comprise a small part of the public land in the state. The Bureau of Land Management and U.S. Forest Service manage large areas including some strikingly beautiful and some very remote places. In addition, the State of Utah administers 42 state parks.

Travel Information
You can get more information on traveling in the area at the information desks in the park visitor centers. The nearby towns of Kanab, St. George, and Cedar City have offices for some or all of these other land management agencies. They also have travel councils and chambers of commerce.

Cedar Breaks National Monument
Seventy-five miles north of Zion lies Cedar Breaks. At a 10,350-foot (3,155m) elevation, the park features a spectacular wonderland—a brightly colored amphitheater filled with spires, fins, and hoodoos against a backdrop of subalpine greens and brilliant blue skies. In summer, the meadows are ablaze with colorful wildflowers. Cedar Breaks features a visitor center, daily ranger programs, trails, picnic area, campground, and scenic drive with views into the “breaks.” Temperatures can be cool. The road is closed because of heavy snow fall through spring. For more information call 435 586-9451. www.nps.gov/cebr.

Pipe Spring National Monument
Pipe Spring National Monument is rich with American Indian, early explorer, and western pioneer history. In the 1870s, Mormon pioneers built a fort on the site, “Winsor Castle,” laying claim to one of the few perennial springs on the Arizona Strip. The visitor center, tours of Winsor Castle, living history demonstrations, garden and orchard, and a half-mile trail offer a glimpse into Indian and pioneer life in the Old West. A bookstore operated by the Zion Natural History Association, and a campground operated by the Kaibab Paiute Tribe are nearby. For more information call 928 643-7105. www.nps.gov/pisp.

Bryce Canyon National Park
Erosion has shaped a colorful amphitheater of “hoodoos,” unique formations whimsically arranged and tinted with colors too numerous and subtle to name. We encourage you to use the Bryce Canyon Shuttle during your stay. It is easy and convenient and you’ll be doing your part to reduce traffic, conserve fuel, and reduce pollution. Ample parking is available at Ruby’s Inn. For detailed shuttle information, tune your radio to 1610 AM as you approach the park. Camping reservations may be made on-line at www.ReserveUSA.com. For more information call 435 834-5322. www.nps.gov/bcrca.

National Park Shuttle Systems
The National Park Service has shuttle systems in place in several area parks that make visiting convenient and comfortable. The shuttles reduce parking congestion, noise, and pollution. Comments from the visiting public have been overwhelmingly positive. Take advantage of these shuttles—let us do the driving so you can enjoy the parks. Shuttles operate during the busy season in:

- Zion National Park
- Bryce Canyon National Park
- Grand Canyon National Park, South Rim

Check park web sites and publications, visitor centers, and as you approach the parks, listen to the AM radio stations, identified with highway signs, for more information. www.nps.gov.

ZION CANYON FIELD INSTITUTE

OUTDOOR LEARNING ADVENTURES

EDUCATIONAL ADVENTURES IN ZION

Imagine hiking with a wildlife biologist to watch bighorn sheep on the East side of Zion National Park. Capture the photograph of a lifetime when a rainbow appears against the West Temple. Find the tracks of ringtails and wild turkeys in the fine sands of a dry wash. Marvel at a scorpion visible in the dark under the beam of an ultraviolet light. View a bat up close during a mist-net study. Discover and map an unrecorded archaeological site.

These are experiences that Zion Canyon Field Institute (ZCFI) participants enjoy during their workshops. The Field Institute strives to educate and inspire visitors to the greater Zion National Park ecosystem and environment. ZCFI is the educational division of the non-profit Zion Natural History Association, publisher and seller of books on Zion National Park and related subjects for over 70 years. The Field Institute sponsors 1, 2, and 3-day outdoor workshops with expert and engaging instructors and challenging itineraries that immerse participants in the park and stimulate investigation of its many natural and cultural resources. These workshops take place at and around Zion National Park, Cedar Breaks National Monument and Pipe Spring National Monument.

We are called a Field Institute because our primary classrooms and lecture halls are the vast canyons and formations of magnificent Zion National Park. All classes include hiking which ranges from moderate to strenuous. Most classes also include an indoor component such as a lecture, slide presentation, demonstration, or time to examine animal or plant specimens.

Large Vehicles

The tunnel was built for cars like this 1930s model.

THE ZION-MT. CARMEL TUNNEL IS BETWEEN THE EAST ENTRANCE AND ZION CANYON. IT WAS built in the 1920s when cars were small and few in number. Some large modern vehicles will not fit without assistance.

Vehicle Size

Vehicles sized 7'10" in width or 11'4" in height, or larger, are required to have an "escort" (traffic control) through the Zion-Mt. Carmel Tunnel. Vehicles this size are too large to stay in their lane while traveling through the tunnel. Nearly all RV's, buses, trailers, 5th wheels, dual-wheel trucks, campers, and boats will require an escort.

Arranging An Escort

Visitors requiring an escort *must pay a \$15 fee per vehicle in addition to the entrance fee.* Pay this fee at a park entrance before proceeding to the tunnel. The fee is good for two trips through the tunnel for the same vehicle during a 7-day period.

You will not be following an escort vehicle through the tunnel. Rangers will stop oncoming traffic and when the tunnel is clear, you will drive down the middle of the road. We apologize for the delays that many visitors will encounter as a result of this safety precaution. Rangers are stationed at the tunnel:

- March-early May, inquire at entrance station.
- Early May-mid September, 8 a.m. to 8 p.m. daily.
- Mid September-winter, inquire at entrance station.

Prohibited Vehicles

- Vehicles over 13'1" tall.
- Semi-trucks.
- Commercial vehicles.
- Vehicles carrying hazardous materials.
- Vehicles weighing more than 50,000 lbs.
- Single vehicles over 40' long.
- Combined vehicles over 50' long.
- Bicycles and pedestrians.

12 Zion Map & Guide

If your vehicle is 11'4" (3.4m) tall or taller or 7'10" (2.4m) wide or wider, including mirrors, awnings, and jacks, you will need a tunnel escort.

Shuttle Schedule

Shuttle at Weeping Rock with the Great White Throne in the background.
